June 20 - HOA Board Meeting 6:30 p.m.

July 15 – Ice Cream Social/Bingo Night 6:30 p.m.

WATER WORKS

Sprinklers can be both the foundation and frustration of successful landscaping.

Summer weather brings even greater dependance on our community's shared sprinkling system.

All homeowners share in the cost of all the water use in Silver Creek. Please look out for any water issues in your yard and in your neighbor's, too.

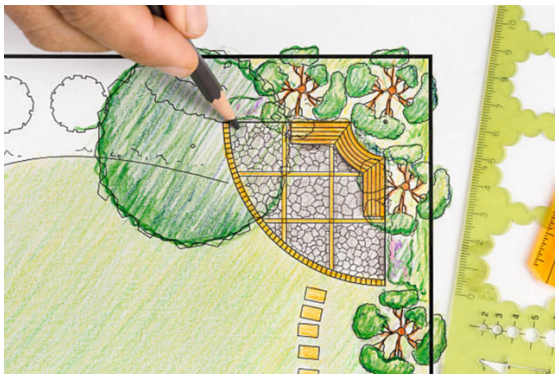
And, if repair work or sprinkler adjustments are needed, the procedure is to submit a work order to our property management contractor, Community Association Management (CAM).

(https://portal.hoaliving.com/login)

If there's a water emergency, call Stan Engh at (801) 949-4867, or any other HOA board member to arrange a shutoff, and *then* submit a work order.

ARCHITECTURAL REVIEW PROCEDURE

Silver Creek's CC&Rs require that before making **any** improvements to your yard or to the outside of your home, you need approval from our Architectural Control Committee (ACC).



To help you navigate that process, the Board of Trustees has developed a few simple documents for you to use and refer to.

These documents are found on the HOA Living portal. (https://portal.hoaliving.com/login)

Once you have logged-in to the portal, scroll down the left-side menu to:

Documents > Forms > ARC.

Once you are in the ARC folder, print the document titled, "Architectural Standards and Regulations," (ASR).

This document will give you a summary of the review process and procedure.

Once you have familiarized yourself with the Standards and Regulations, click on the document titled "Architectural Review Application" (ARA). You can fill this out online. Be sure to fill it out completely.

You will also need to print copies of the document titled "Proposed Work Consent" (PWC).

Each of your adjoining neighbors will need to give consent to your proposal by signing that document.

Once the Architectural Review Committee deems your application to be complete you will be assigned an "ARA Submission Date."

The Architectural Control Committee will review and act on your ARA within 30 days of your ARA Submission Date.

Most of your questions about this process will be answered through a careful reading of these three documents.

Should you have remaining questions, please feel free to call ARC Chair Adam Witt (435) 574-7185.

TRIVIA QUESTION:

Silver Creek's distinctive architectural and landscaping theme has an official name.

What is it?

a. Santa Fe Modern
b. Desert Southwest
c. Southwest Mediterranean
d. Sedona Sunset
e. Midcentury Mojave
f. Dixie Doodle

(The answer is hiding. Somewhere.)

bunko (also bunco)

noun

1. a **swindle** in which a person is cheated at gambling, persuaded to buy a nonexistent, unsalable, or worthless object, or otherwise victimized.

2. a fast-moving, **social dice game** played by tens of millions of people.

Can you tell which is which?

Silver Creek Ladies' Bunko Night April 2024

Yes, during Prohibition, bunko was usually a gambling game, often associated with speakeasies.

In the 1980s the name Bunco was applied to a widely-marketed family game.

According to the World Bunco Association (really) the modern game has seen a surge in popularity in the early 21st century, especially among women.

Monthly bunko nights arrived in Silver Creek just this year and are attracting a growing following.

New bunko fan Bonnie Gorney says the games' draw for her is the chance to build friendships. "It's just fun to get together and meet people" she said.

The first Wednesday bunko nights typically start with light food at 6:30 p.m. followed by games at 7:00. Participants bring inexpensive prizes to be shared because everybody goes home a winner.

For more information contact Carla Peay (435) 705-4327.

UPDATED POOL RULES IN EFFECT

Your HOA Board, at its monthly meeting in May, gave unanimous approval to the new set of pool rules circulated in last month's edition of *Hi, Neighbor!*

So, please, *always* be sure to sign-in when entering the pool areas. That is the primary mechanism used to ensure authorized pool access.

The electronic record created by your key fob is matched with your sign-in registration, and—if necessary—security video footage.

Carefully instruct any family member who is authorized to use your fob to follow the sign-in procedures, because responsibility for compliance remains with the homeowner.

It's not just neighborly. It's the law!

St. George City Code 5-2-7: H

PROHIBITED ACTS AND ACTIVITIES:

Animal Waste Disposal: It shall be unlawful for the owner or custodian of an animal to permit the animal to defecate upon a public street, sidewalk, park or other area, or upon the property of another unless the owner or custodian removes and properly disposes of all animal waste that may result. (Ord. 81-11-2, 11-5-1981).
