NEW NEIGHBORS

Welcome to **Todd** and **Lori Gibbs** and **Shelly Pierce** who took this selfie during an outing to Gunlock Falls.

Together, they have purchased #115—the only unit in Silver Creek configured with two front entrances for an adjoining casita.

Shelley and Lori are sisters. They and Todd are from Farmington, Utah.

Shelley led the way to St. George by buying a home here a few years ago.

A love of golf, outdoor theater and red rocks easily persuaded Todd and Lori to join her in their shared purchase in Silver Creek.

Shelly works in the title industry and loves cooking, gardening, traveling and game nights.

Lori and Todd have three adult children. Todd enjoys fly fishing, skiing, and retirement. Lori loves her yoga mat, anything health and wellness, and traveling the world with Todd every chance they get.

Welcome to the **Magnesens**! **Gary** and **Diane** and their daughter Heather have joined us in Silver Creek unit # 30, after living just up the road in Winchester Hills for the past 27 years.

They decided it was time to trade their beloved acre of horse property for a more manageable place, and they are pleased to have found Silver Creek.

Gary was born in Norway. He and Diane met and married in Salt Lake City. His career in the FBI took them to assignments across the country and to their final posting in Las Vegas.

Gary has authored six books related to law enforcement.

Diane and Gary have six adult children—five of them living in St. George, along with some grandchildren. They enjoy having family close by.

GOODBYES

Barbara Birk was a beloved member of our community for 26 years.

She moved into Silver Creek with her husband Gordon in 1998. He passed away in 2012.

Barbara has just moved to American Fork where she has a new home next to her daughter.

We thank Barbara for her years of friendship and wish her every happiness in her new location.

Joe Merino has been an important contributor to community life in Silver Creek nearly since it began.

Continues on next page…

Joe served multiple terms as a trustee of the HOA, and along with his **Julie**—until her passing—made our neighborhood a better place.

Joe and his wife **Georgia** have decided to simplify their housing portfolio and settle in Sun River. They leave with our good wishes and lasting appreciation. We will miss them.

GOT SPOTS?

Average July rainfall in St. George is just ½ of one inch. That's not nearly enough water to keep your lawn happy.

If brown spots appear in your grass, please put in a work order through the HOALiving portal (https://portal.hoaliving.com/login) to have your sprinklers checked out.

It is **not** Silver Creek's policy to let existing lawns die in the summer. While our landscaping contractor will make necessary sprinkler repairs or adjustments it is still rests with each of us as homeowners to initiate a work order. That is the procedure for all landscaping requests—both front yards and back.

Once you submit a work order, the property management company will notify the landscapers.

If you have difficulty using the on-line portal, please call **HOA Living** at **(435) 627-1776** for assistance.

Not So TRIVIAL QUESTION:

Silver Creek's streets have a maximum speed limit.

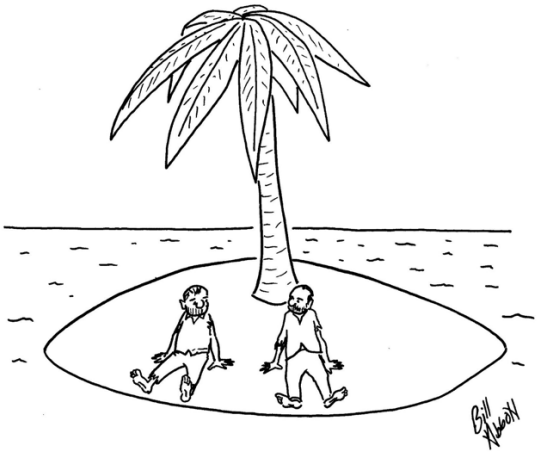
Without looking at those signs that you may hardly notice, do you ***know*** what that speed limit is?

a. 10 mph
b. 15 mph
c. 20 mph
d. 25 mph
e. Whoa! *What?*

POOL UPDATE

Pool Rules approved at the May 16, 2024 meeting are now posted on the HOA Portal under **Documents > Governing Documents.**

To conform with the adjustments, this new signage will be installed at the pool this month.



"Let's start a homeowner's association."
